Juli Bishop, BS, LEHP
Director of Nursing: Cris Ingram, RN
WIC/FCM Nurse: Cheryl Flood, RN
Clinical Staff Nurse: Donnelle Darling, LPN
HR Manager/Fiscal Officer: Cindy Hanley
Receptionist: Angie Potter, AA

A Note from the Administrator

The Cumberland County Health Department's (CCHD) Mission is to assist Cumberland County Residents, of all ages, with the development and maintenance of healthy living habits through programs based on the assessment of their needs. As we look forward to 2023 and beyond, CCHD is committed to reach out to all residents by offering preventative, screening, maintenance, and safety programs that are available, accessible, and affordable. Keeping financial prudence in mind, we will grow and expand services based upon the community needs and will collaborate with other providers who share our goals and vision.

In 2022, the COVID-19 Pandemic response was once again at the forefront of CCHD's business operations with Staff continuing to attend daily state briefings, perform Contact Tracing, review Federal and State guidelines and updates, work with the Long Term Care facilities, Schools, and Businesses, and provide information and guidance to the Residents. By November 30, 2022, the end of the fiscal year, 855 COVID-19 Rapid Tests and 2 PCR tests were performed. There were 214 COVID-19 vaccinations administered and 69 Bi-Valent Boosters administered. CCHD distributed 1,288 free COVID-19 home test kits, provided by Illinois Department of Public Health. In addition to the COVID-19 response, CCHD maintained other services such as WIC, Family Case Management, Environmental Health, Emergency Preparedness, Immunizations, and Clinic services.

We would like to thank the Board of Health for their continued support and look forward to a positive working relationship in 2023 and beyond. We welcome comments, suggestions, and most of all the community's presence at the Cumberland County Health Department.

Sheri Drotor

Cumberland County Health Department's Clinical Services

Communicable Disease		2021	2022
CCHD performs surveillance and case investigations to identify potential outbreaks and mitigate the spread of disease. An investigation includes: review of treatment, disease processes, and referrals to seek appropriate medical attention. Nurses provide education on the specific diagnosis, prevention, and infection control measures. Annual surveillance reports are completed for Influenza and other threatening illnesses.	Chlamydia	2	5
	Gonorrhea	1	2
	Hepatitis C	29	28
	HIV/AIDS	1 HIV/2 AIDS	0
	Latent TB Infection	1	0
	Tuberculosis (TB)	2	0
	Tuberculosis Skin Tests	18	73
	Community Health		2021
CCHD offers a variety of services to promote Public Health. Supportive education and general health screenings are offered during regular office hours and at special promotional events.	Blood Draws	177	185
	Blood Pressure Checks	0	15
	Condoms Dispensed	64	30
	Head Lice Education & Treatment	0	10
	Injections	54	0
	Jail Physicals	0	34
Immunizations – Adults		2021	2022
CCHD offers Immunizations for Adults. Through third-party billing, CCHD is able to bill a Client's insurance. Protection from disease is important for adults just as it is for children. Routine immunizations include Flu shots, Tetanus, and Pneumonia.	Hepatitis A	1	1
	Hepatitis B	7	18
	Influenza	169	215
	Pevnar 13	0	3
	Shingrix	5	8
	Tdap	8	20
Immunizations - Children		2021	2022
CCHD offers vaccines for preventable diseases to children, including Flu vaccines. CCHD is a state approved provider for the Vaccine for Children (VFC) Program. This program provides free or low cost vaccines to eligible children through 18 years. CCHD also maintains private stock vaccines and is able, through third-party billing, to bill a Client's insurance.	Dtap Infant	5	3
	Gardasil	6	8
	Hepatitis A	4	13
	Hepatitis B	0	2
	HIB	12	8
	Influenza (Flu)	22	24
	Kinrix (Dtap and IPV)	11	8
	Meningococcal	15	50
	MMR	18	15
	Pediarix	14	9
	Pevnar	25	21
	ProQuad (MMR & Varicella)	2	1
	Rotavirus	13	11
	Tdap	11	25
	Varivax	7	14
Vaxelis	17	9	
Lead Screenings		2021	2022
CCHD assists with the Lead Prevention program by screening and testing all medical card clients of 1 - 2 years of age and pregnant mothers. Lead testing is also required for many pre-school and daycare applications. Program case management includes follow-up testing, home visits, and education.	Counsel Level 5 – 10 µg/dL	0	0
	Elevated Lead Level >5 µg/dL	0	3
	Lead Test – Child	7	18
	Lead Test – Pregnant	0	1
	Nurse Home Visits	0	0
	IDPH Home Inspection	1	1
Additional Testing Results		2021	2022
CCHD added a new section to this year's Annual Report. This section reports diseases confirmed by laboratory testing. The Nursing Staff's case management includes education, follow-up, and monitoring.	Campylobacteriosis	--	1
	Histoplasmosis	--	1
	Lyme Disease	--	2
	Salmonellosis	--	4

Cumberland County Health Department's Maternal Child Health Services

Family Case Management		2021	2022
CCHD offers Family Case Management, a State funded program that provides education throughout a woman's pregnancy as well as into the first 12 months of the infant's life. The goal of this program is to promote the health of pregnant women, mothers, and children, and reduce infant mortality. Referrals are made to help the client obtain the healthcare services and other assistance needed to ensure a healthy pregnancy and promote the child's healthy development.	Developmental Screenings	31	19
	Healthworks (DCFS)	14	18
	High Risk Infants	3	1
	Home Visits	0	0
	Infants	43	31
	Pregnancy Tests	2	2
	Pregnant Women	15	16
	Well Baby Exams	6	0
	WIC – Women, Infants, & Children		2021
CCHD offers WIC, a Supplemental Food Program. WIC is a federal nutrition education program that provides nutrition education and counseling, breastfeeding promotion and support, healthy foods, screenings, and referrals to healthcare and social services within the community. WIC services are available to income-eligible pregnant, post-partum, and breastfeeding women, as well as infants and children up to age five.	Average Caseload	151	137
	Internet Education	198	180
	Voter Registrations	0	0

Cumberland County Health Department's Environmental Health Services

Body Art & Tanning Facility Inspections		2021	2022
CCHD inspects 3 licensed Tanning facilities and 1 Body Art facility to ensure compliance with the County Ordinance and State Laws.	Body Art Facilities	0	0
	Tanning Facilities	0	1
Food Safety and Protection		2021	2022
CCHD issues operating permits and inspects food establishments, including temporary food vendors. CCHD provides education to the public about safe food handling, preparation, and storage.	Food Establishments	64	65
	Routine Inspections	85	90
	Re-Checks	6	6
	Pre-Operational Inspections	6	6
	Temporary Food Permits	53	72
	Seasonal Permits	22	44
	Education and Outreach	30,356	26,367
IL Liquor Control Inspections			
CCHD contracted with the IL Department of Revenue to conduct alcoholic retail inspections and enforcement in accordance with the Liquor Control Act.	Routine Inspections	Program was Discontinued	--
Nuisance Complaint Calls and Investigations		2021	2022
CCHD responds to Nuisance calls and complaints as per the County Ordinance.	General Calls	75	30
	Nuisance Investigations	18	5
Private Sewage Disposal Systems		2021	2022
CCHD issues construction permits and performs inspections to ensure proper installation and repair of privately owned sewage disposal systems.	Septic System Permits	44	35
	Septic System Inspections	44	38
	Septic Nuisance Complaints	10	2
	Septic Install Site Checks	42	34
	Education and Outreach	128	480
Private Water Systems		2021	2022
CCHD issues construction permits and performs inspections to ensure proper installation and repair of privately owned water wells. Non-community water systems are also inspected. CCHD collects water well samples for testing at the IDPH lab. Residents may collect their sample and CCHD will submit their water for testing.	New Water Well Permits	2	0

	Sealed Wells	1	2
	Well Water Samples	9	4
	Non-Community Water	2	2
	Education and Outreach	2,975	1,532
Specimen Collections		2021	2022
CCHD collects specimen samples to send to the IDPH lab for Rabies and West Nile Virus testing and Tick identification.	Rabies	0	0
	Tick Identification	0	0
	West Nile Virus Specimens	1	4
	Education and Outreach	1,754	2,363

Cumberland County Health Department's Additional Programs

Emergency Preparedness

CCHD prepares for a variety of Public Health threats including infectious diseases, natural disasters, biological, chemical, and radiological events. Planning efforts regarding Public Health Preparedness pertain to medical countermeasure dispensing, which is the ability to provide medication (vaccine, antivirals, antibiotics, etc.) to an identified population in the event that a chemical, biological, or other threat has been documented. CCHD must establish and constantly maintain an emergency operations plan, along with an extensive number of contact lists and agreements, to ensure that the plan can be fully executed in a time of need. To identify any gaps in the plan, drills and exercises are conducted regularly to make sure that everything will run smoothly when activated. CCHD currently houses the Cumberland County Citizen Corps Council, Cumberland County Medical Reserve Corps Unit #2526, and a Community Emergency Response Team.

PROMPT

CCHD participates in the Champaign Region PROMPT (Partnership to Reduce Opiate Mortality & Promote Training) program. CCHD Staff completed training to provide Narcan Training within Cumberland County and facilitate community support groups.

Tobacco Free Communities

CCHD enforces the Smoke Free Illinois Act by conducting compliance checks and targeted enforcement based upon complaints received from residents who observed customers smoking in county establishments.
